Learning Project - to be done throughout the week: Environment

The project this week aims to provide opportunities for your child to learn more about the environment. Learning may focus on changes to different environments, the impact of humans on environments, climate change etc .

Create a chart to record the weather. Label the chart with days of the week and record the weather at different points in the day. Can you write down key words and take a photograph of the sky. Does it change in the week? This [link](#) may help.

Watch the weather report on T.V. How do they describe the weather? What do you notice about the map? Can you find Birmingham on the map? Have they got symbols when they are talking about the weather?

Weather reporter: Pick a day that you would like to present as a weather reporter. Can you create some symbols to use when you are talking about the weather? Can you talk about the weather in your local area and maybe compare to another place in the UK?

Create a weather wreath. Using different materials can your child design a weather wreath? Encourage them to think about the symbols used in your weather report.

What a load of rubbish! With your child look at the rubbish as a family you throw out. Do you help to recycle? How do you sort these into junk and into recycling? Look at the range of items and group them into

Inspiring Futures: Making Memories

Learning creatively with;

High expectations; Integrity; Respect; Resilience & Determination TOGETHER

different material groups. Talk to a family member about how certain groups are plastics and can also look and feel different to each other. Could you design a new way to help recycle more items? [Ideas](#)

Beat the clock- Can you sort items into the correct recycling and waste bins? [Play](#)

Switch it off: Ask your child to take a look at all the electrical devices in their house. Are they all plugged in? Do they need to be plugged in? How could they create a poster to place around the house to help remind people to switch it off once they have finished.

Save Electricity, Recycle Paper, Conserve water. What could you include on these? Where could you place these in the house? Can you talk to your family about the posters and how you could help the planet?

Listen to a [song](#) about things we can do to help to save the planet.

Write and draw! Ask your child to choose one thing they could do to help the environment in school. Get them to make a poster to encourage people to do it! Think about the classroom and also the school.

World Environment day- This year it will be on Friday June 5th. On this day people from all over the world will do something positive to help our planet. Ask your child what could they do? Lots of little things can make a big difference. What could they do to celebrate World Environment Day at school? Can they create a poster to display at school?

Additional learning resources parents may wish to engage with

[Classroom Secrets Learning Packs](#) - These packs are split into different year groups and include activities linked to reading, writing, maths and practical ideas you can do around the home.

[Twinkl](#) - to access these resources click on the link and sign up using your own email address and creating your own password. Use the offer code UKTWINKLHELPS.

[Headteacherchat](#) - This is a blog that has links to various learning platforms. Lots of these are free to access.

[Pie Corbet English lessons](#) – Every morning at 9.30am there is a free daily English lesson live with Pie Corbett. Visit Radio Blogging everyday from 9.30-10.30 for interactive games and workshops.

Inspiring Futures: Making Memories

Learning creatively with;

High expectations; Integrity; Respect; Resilience & Determination TOGETHER

[English with David Walliams](#) – Each day at 11.00am there are free audio stories by David Walliams.

[White Rose Maths home Learning – Daily lessons with a video and activity.](#) The WRM team will be online every weekday from Monday 23rd March, between 10.00 and 11.00am to share children's questions, examples and stories via any of their social media channels. So wherever you are in the world, encourage your child to be part of the daily White Rose Maths fun and conversation!

[Maths with Carol Vorderman](#) – Carol Vorderman is offering free daily maths lessons at 10am while schools are closed.

[MyMaths – your child's class teacher will be setting weekly homework – please make sure you check homework is complete each week.](#)
