

15<sup>th</sup> July 2021

Dear Parents and Carers

### **Arrangements for September 2021**

On Tuesday 6<sup>th</sup> July 2021, the Government announced that as part of Step 4 of the roadmap, from September 2021 it is proposing to reduce a number of Covid-19 restrictions, which have been in place in schools for the last 18 months. This decision has been made by the Government to reduce the disruption to children's education – particularly as the clinical risks to children from COVID-19 are low and every adult has been offered a first vaccine and the opportunity for 2 doses by September. The lifting of COVID-19 restrictions in school is in line with the proposed general removal of restrictions in England.

This move is welcomed by REACH2 and our school as the priority is to deliver face-to-face, high quality education for your children. However, we also recognise that it is important that the school continues to play its part in controlling the spread of the virus through protective measures.

### **COVID-19 Symptoms**

Please note it is imperative that if your child has, or is showing symptoms of COVID-19;

- High temperature
- New, continuous cough
- Loss of, or change to, sense of smell or taste

they must not attend school and should remain at home in line with Stay at Home: guidance for households with possible or confirmed coronavirus (COVID-19) infection – Gov.uk. They should take a PCR test within 2 days and only return to school if the test result is negative. Parents should follow the NHS Test and Trace process. Whilst awaiting the PCR result, your child should continue to self-isolate.

If the PCR test is taken within 2 days of a positive lateral flow test, and is negative, it overrides the self-test LFD test and your child can return to school, as long as they don't have COVID-19 symptoms.

### **Children who are identified as a close contact of someone who tests positive for COVID.**

Under the current arrangements, if a child is identified as a close contact of someone who tests positive for COVID they are required to self-isolate. However as of the **16<sup>th</sup> August**, children and those members of staff who are fully vaccinated will not be required to isolate if they are identified as a close contact. Instead, they will be advised to take a PCR test. They will not be required to isolate whilst they await the results of the PCR test.

Please note that self-isolation will continue for those who have tested positive for COVID or who display symptoms.

On the next page, you will find details of the COVID-19 measures which are being removed in September 2021 in schools and those which remain in place following the Department for Education published guidance. When planning for September, we have also considered daily systems and routines that have been successful this year and have had a positive impact on school life.

### Protection measures being removed in September 2021

Children will no longer be kept in consistent year groups ('bubbles'). This will enable flexibility in delivering our curriculum and interventions.

Social distancing and zoned areas.

10 days isolation for close contacts of a confirmed case and adults fully vaccinated.

Wearing face coverings in school.

Restrictions on school trips drama, music, sporting activities and clubs which enrich the curriculum.

Assemblies will resume, to celebrate achievements and attendance across the school.

### Morning Drop Off and Home Time Collection

Gates will be open from **8:45 am to 8:55 am** for all children.

Wake up Shake up will be available for **year groups 1 to 6, every day**, from 8:30 am. Children can enter through Stratford Road gate.

A one-way system will remain in place on the playground for end of the day collection.

**Nursery and Reception** arrival drop-off and home time collection is **3:10 pm**. Children will be dropped off and collected from classroom doors in the new Springfield Road building. Entrance on Springfield Road.

**Year 1** home time collection is **3:10 pm**. Children will be dropped off and collected from current Reception gate (College Road Gate 1).

**Year 2** home time collection is **3:10 pm**. Children will be dropped off and collected from current Year 1 gate (College Road Gate 2).

**Years 3 to 6** home time collection is **3:15 pm**. Children will be dropped off and collected from the playground. Entrance on Stratford Road.

If your child is not collected by **3.25pm**, they will need to be collected from the admin office via the Springfield Road entrance.

### School Day Organisation

Children will no longer eat lunches in their classroom and will now revert to having their spending their lunchtime outside and coming inside to eat in the halls

To promote healthy lifestyles, children in KS2 can continue to bring a healthy snack in for morning break times. Fruit is provided for children in EYFS, Year 1 and Year 2

Morning break times will revert to being organised in key stages. Key stage one will have a 15 minute break at 10.15am and key stage 2 at 10.40am

### PE Kit

Children can continue to come to school dressed in PE kit on PE days.

Please ensure your child wears school uniform PE kit (plain black shorts/trousers/leggings, plain white polo shirt, plain black pumps/trainers). In cold weather, your child can wear a green school jumper or cardigan for extra warmth.

### Protection measures in place in September 2021

School will continue to follow public health advice on testing, self-isolation and managing confirmed cases.

Good personal hygiene – regular hand washing/sanitising.

Good respiratory hygiene – ‘catch it, bin it, kill it’.

Ventilation of occupied rooms/assemblies.

Regular cleaning regime.

Positive cases or anyone with symptoms (high temperature, new continuous cough, loss/change to smell or taste) must not come to school and must self-isolate. Anyone in school with symptoms, will be sent home. A PCR test must be taken within 2 days. If the PCR test results in negative, the child/staff member can return to school. If the PCR test result is positive the MUST self-isolate and follow NHS Test and Trace advice.

Close contacts will be identified by NHS Test and Trace. Close contacts DO NOT need to self-isolate and can attend school, but should take a PCR test.

School Contingency Plan for any outbreak.

Lateral flow home testing by all staff till the end of September (awaiting further DfE guidance).

Use of staff personal protective equipment (PPE) in school for anyone with symptoms.

Remote Education to be provided to all children self-isolating having tested positive.

*(FSM will be provided to any child who is eligible for benefits-related free school meals and who is learning at home during term-time due to a positive test result)*

Continued focus on children’s well-being.

Isolation room for any child/adult with COVID-19 symptoms.

### Stepping Measures up or down

An outbreak management plan will be in place, outlining how the school will operate if there were a COVID-19 outbreak in the school or local area (Several confirmed cases within a 14 day period).

Leaders will call the dedicated advice service who will escalate the issue to the local health protection team where necessary and they will advise school leaders should there be any additional action required.
