Dear Parents and Carers,

It seems like summer has finally arrived! It has been lovely to see the children in their summer uniforms enjoying the warmer weather to play outside with friends and engage in some outdoor learning activities. Please see the Staying Safe in the Sun section below for some reminders.

We have a busy few weeks ahead of us in school before the children prepare to move on to their next year group. Please support your child/ren to fulfil their potential by ensuring they come to school every day.

Furthermore, we are delighted that our building work is progressing well and teachers in Year 5, Year 6 and EYFS are very excited to have the opportunity have a look around next week. Once teachers have seen the new classrooms, they will begin planning their learning environments ready for a fresh start in September. Please check the website for updated photographs from next week.

Finally, following the announcement from the government to continue with some Covid restrictions until at least July 19th 2021, we will maintain the procedures we have in place in school until the end of term to help keep our community safe and well.

kindest Regards
 Mrs Beale
 Assistant Head Teacher

COVID Symptoms

If your child is displaying a high temperature, a new continuous cough or a loss of, or change to, their sense of smell or taste please do not send them to school.

Call the school office as soon as possible to inform them of your child's symptoms.

You will be advised to book a Coronavirus test for them using the following link:

Staying Safe in the Sun

Now that summer has arrived and the weather is warmer please ensure your children:

1. Wear suncream to protect their skin.
2. Bring a named sun hat or cap to school.
3. Bring a named water bottle to school.

Please also remember to write your child's name in their jumper.

Environment News

At Springfield we want to do our part to protect the planet for us and future generations to enjoy. Like Greta Thunberg, we believe that no one is too small to make a difference. This week's focus is to turn off the tap while we are brushing our teeth to save precious water.

What can **you** do this week to make a difference?

Celebrating Science

This week we have been celebrating the ground-breaking research led by women in science across the world, from innovative cancer treatments to launching spacecrafts. Children have been exploring the different areas of science they could aspire to work in. Maybe the next great scientist will come from Springfield!

Reminders

- When parking near school, please be considerate of residents and refrain from blocking driveways and parking in disabled spaces.
- Please stay with your child/ren until they are able to enter the school gate.
- To avoid accidents, please **do not** walk in the green cycle lane on College Road.
